

### Характеристики

Рабочее давление	Max. 50 bar
Поверхность	Hot dip galvanised
Соединительная резьба	nach ISO 7-1
Материал	Zinc plated steel ST 37-2

### Информация о продукте

Резьба R 2 1/2

Длина 120 mm

### Указания

Прочие данные только по запросу.

### Описание

The steel fittings are made of tubular steel to DIN 2441 and boast good resistance to mechanical stresses. Hot dip galvanised steel fittings are completely coated with a layer of pure zinc and are therefore suitable for drinking water. They are also protected against rust. They are used in pipe construction, plumbing and gas installations as well as a wide range of industrial applications, especially in conjunction with the popular malleable iron series.
